Are you better off now than you were four years ago?

When you look around today you find that civil rights are being trampled, our Constitution is being ignored, the press is being silenced, and the “I’m a uniter not a divider President” is busy using laser guided diplomacy. The economy has stagnated and the war drums beat ceaselessly. Now more than ever, it’s important to remember that you have the freedom and the power to make a difference.

Make your voice heard. If you don’t speak up, who will?

EDDI offers Democrats and independent voters a speakers program, meet-the-candidate forums, parade participation, a picnic in the summer and a chance to make your voice heard. Our meetings and events give you the opportunity to participate in the political process in Illinois’ 8th Congressional district — at national, state and local levels.

Are these your ideals?

Good Economic Times

What happens in Washington affects our families. Huge deficit spending is only getting worse and job creation is nonexistent. We seek the effective management of the federal budget with an understanding of its relationship to rebuilding our economy. We’ve known good economic times and we want them back!

Protecting the Environment

The Bush Administration has been a disaster for our environment. Our natural resources deserve to be protected, not used as political pawns. The interests of big lobbying groups and Washington insiders should not get in the way of environmental protection. Prevention of further dismantling of regulations is needed to ensure that the outdoors can be preserved and enjoyed by generations to come.

Equal Opportunity for All

We want an America that offers equal opportunity for all, not only some. This equality necessitates protection against discrimination on the basis of race, ethnicity, gender, religion, physical ability, or sexual orientation.

Value for Your Tax Dollar.

We believe in shared prosperity. Sound fiscal responsibility is everyone’s concern, but it must be balanced with ensuring that everyone can participate in the American Dream.
